

Raised Almost \$120,000 in Grants!

The Healthcare Foundation is proud to have secured a variety of grants and donations that have allowed for investments in capital equipment. A new vehicle was purchased for the Walbridge Wing to transport residents to out of town appointments and various activities. And Pioneers Medical Center used grant funding to help install the new Hitachi Echelon Oval wide-bore MRI machine, and Ultra Sound Machines.

Thank you to our 2020 Sponsors and Supporters

TRADITIONS

12th Annual

Tree Lighting

Purchased lightbulbs will help light up the trees at the courthouse through December.

Supporting Local Healthcare Service

TRADITIONS

2020 has been anything but, Traditional. We have all adapted, persevered, and adjusted and through it all, our community has kept important traditions of caring, family, and kindness. This is the spirit of Pioneers Healthcare Foundation; to help our neighbors and improve their access to local healthcare. Throughout 2020, Pioneers Healthcare Foundation has worked to secure funding for new telehealth technology, so patients could complete their doctors appointment from the comfort of their home. This technology has been crucial during the COVID-19 Pandemic. We have also continued to offer Cancer Screening Services to our uninsured community members. We have experienced record usage of the Meals on Wheels program.

MAKE A DIFFERENCE

For the past 12 years, Meeker has celebrated Christmas by lighting the trees at the Courthouse, and this year we continue the tradition.

Through the journey of 2020, Pioneers Healthcare Foundation has seen increased need for community services such as Meals on Wheels, Cancer Screenings and Transportation.

We dedicate our Light Bulb Campaign to support programs that make a difference to our community members.

Meals on Wheels: The MOW service is free to qualified residents. It is funded 100% through donations and grants. On average the Meals on Wheels program provides 3,000-3,500 meals annually.

Cancer Screening Fund: Local residents can use this fund for their mammogram care. Uninsured or low income community members qualify for the program. We recommend visiting with your primary care provider.

The Future Healthcare Workers Scholarships support Meeker residents pursuing healthcare education or certifications.

Thank you for your past and on-going support.

Your purchase of light bulbs will directly support local healthcare programs.

YES, I want to participate in the TRADITIONS Tree lighting by purchasing light bulbs (\$5 each) (With each light bulb you purchase, you can name a family member or friend and/or honor those serving in the military who cannot be home for the holidays. Your loved ones name will be placed on a banner displayed on the courthouse lawn throughout the holiday season.)

I'd like my tax-deductible donation to support
